Would be nice to do study on traffic
Grants Available for this
Were able to use Volunteer matching
Feb/Mar next year available
will be available to apply Next month for
this Grant.
Recommend & pursue Grant: if anyone
would like to volunteer to do work on grant.
Last study was applied for in 2010 & study was
last done in 2004.

Question: what is entailed in the study
Time Requirement on the scope of study
id Main thoroughfares
Hired (County) individual to sit out at different
time to record placards coming down road.
Knowing what is passing helps you plan for
hazards and risks. Found before
I-35 lower risk than I-45

What would it cost? Hopefully nothing if have a soft match w/ grant & volunteers
Submitt Application for a dollar amount.
Grants are limited & under $50,000

Railroad = give us information 6 month in areas We now request from them monthly. Easier to get information

Proposal: Seek out Grant Funding
Motion: Submitt for Grant to Study
Hay Mat Material
Melissa
2nd Haley
Approve — Aye's
Motion Accepted

A lot of Rain: Have been seeking Hazard Designate
In process of applying for
Disaster Declaration
As water goes down finding more damage
