City Council Meetings in Bosque Theater, Live on WCCC-TV

Waco, Texas (October 31, 2011) – With the total renovation of the Bosque Theater in the Waco Convention Center complete, The Waco City Council will hold its first meeting in the new facility this Tuesday, November 1st and the Waco City Cable Channel (WCCC-TV) will begin carrying the meetings and the Plan Commission meetings LIVE beginning with this Tuesday's Work Session at 3PM and the Business Session at 6PM.

The meetings can be seen on channel 10 on both Time Warner and Grande cable systems and in High Definition on Grande channel 810 (digital channel 127.10 without a cable box).

Additionally, the meetings (along with all programming on WCCC-TV) are streamed live on the internet from our website, www.waco-texas.com. WCCC-TV has installed five Sony robotic HD cameras in the Bosque Theater that are controlled from our studios in Waco City Hall and will provide a variety of image choices of the Council and the attendees during meetings.

Specific Media Information:

Local television news departments can pull video and audio from the meetings to use in their news casts (in HD from Grande) or from the web-stream (also available in HD if selected).

A new feature in the renovated Bosque Theater is a media audio patch in the back of the room that will allow camera operators or other audio recording devices to be plugged directly into the room's sound system (this is an XLR "line" level signal, not mic level).

For additional information, Contact Larry Holze at 750-5636.
