City to Host Free Microchip Pet Clinic Saturday

Waco, Texas (July 24, 2014) – The City of Waco is hosting a FREE pet microchip clinic for Waco residents on Saturday, July 26 at Brazos Park East from 9 a.m. until 1 p.m. The free clinic will take place in the covered pavilion at Brazos Park East, located at 2498 North Martin Luther King Dr. With 100 microchips available and no maximum on the number of pets per household, the event will operate on a first-come-first-served basis.

Waco residents will need to bring their proof of residency with them in the form of a Waco water bill or current Driver License with address. The City of Waco reminds residents that microchipping pets is part of responsible pet ownership, and it is the law in Waco.

For pet owners who have questions about the spay/neuter law or the SpayStreet Waco Program, this would be a great time to ask the experts. Volunteers will be on hand to answer questions and/or help local pet owners obtain voucher for spay/neuter surgeries for their pet(s).
