**Brush and Debris Removal Update
As of July 19th**

The City of Waco Solid Waste Service department continues to respond to calls for brush removal as a result of the June storms. As of July 19th, a total of 1,805 tons of brush has been collected from 1,443 Work Orders.

The total number of pending Work Orders is now 270, and that is close to our normal service collections for brush.

Any City of Waco resident who has brush at their curb that needs collecting and has not called in a request, should do so by calling 299-2612 in order for a truck to come to the residence and pick it up.
