Waco Water Utility Services Warns Customers of Bill Payment Scam

Four recent incidents have been reported involving an unknown individual fraudulently claiming to be from the City of Waco Water Department and attempting to collect payments for water service.

All reported incidents have involved commercial water accounts. In each case an unknown individual placed a phone call to the business, pretended to be from the City of Waco and claimed water service would be disconnected unless an immediate payment was made using MoneyGram at Walmart.

Both incidents have been reported to the Waco Police Department.

The City of Waco Water Utility Services Department will not ever demand that payment be made using MoneyGram or any similar service and will never accept a payment of any kind in the field.

If you are ever in doubt about any communication from Waco Water Utility Services, please call 299-CITY (2489) to verify the information.

If you feel you have been the victim of a similar water payment fraud, please notify the City of Waco Water Utility Services Department (299-2489) and report the fraud to the Waco Police Department (750-7500).
