

Application Instructions

Alcoholic Beverage License

To **sell alcoholic beverages** within the City of Waco, the person must file a completed application form together with the other information specified in these instructions and pay any application fees with the Licensing Officer for the City. The Licensing officer may be reached in person at the Mae Jackson Development Center, Inspection Services Department located at 401 Franklin Avenue, by mail at PO Box 2570, Attn: Alcohol Licensing, Waco, Texas 76702, by phone at 254-750-5612 or by email at Licensing@wacotx.gov. Upon receipt of a new application, the City has 30 days to complete its initial inspection.

1. An applicant for an alcoholic beverage license must file a completed **application form** with the Development Services Department (address shown above). A copy of the TABC Initial Application and Required Certifications form will also be needed to process the license.

2. Fees:
\$75.00 - inspection of the building
\$100.00 - non-refundable application fee (due when the application is submitted)
\$ license fee (varies depending on license type, fees are mandated by the State)

If the location is new construction or you are remodeling, inspections of the building will not be needed and the \$75.00 inspection fee will be waived, but plans will need to be submitted to the city before the licensing process can continue. The applicant must attach to the Application Form a sketch or diagram showing the configuration of the premises, or the application will not be considered complete. This only applies to on premise licenses. The sketch need not be professionally prepared, but it must show the interior dimensions of the business to an accuracy of plus or minus six(6) inches. The diagram must show the floor plan for the establishment. Specific items that must be included on the diagram are listed on the example drawing on the following page of this application. All of this information is necessary in order to determine the occupancy load of the establishment and off-street parking requirements.

3. The Applicant will be given a specific time period on a specified day during which the applicant or someone representing the applicant **must be present** on the premises for which a license is sought so that inspections may be made. Inspections are done Monday - Friday between 8:30AM and 12:00 PM. Inspections are scheduled at least one week out from the time the application has been submitted to allow for timely scheduling between multiple departments.
4. The Licensing Officer will notify all necessary departments of the date and time for the scheduled inspection. The Planning Services Department and Inspection Services Department will determine if the property is properly zoned and if the property is located too close to a public or private school, daycare center, church, public hospital, or property zoned. R1 or R-2. If the property cannot be used for the purpose for which the Application has been submitted, the applicant will be contacted prior to the inspection of the premises, if possible.
5. Any inspector making an inspection of the premises should go during the time scheduled. Upon arrival on the premises, the inspector should identify himself/herself to the Applicant or his representative and then do whatever inspection is needed. Failure by the Applicant to be present, or have some representative present, will delay the review of the application and a fee of \$75 will be charged to the applicant. If inspectors are unable to make the needed inspections, the application may be denied.
6. Upon completing all necessary review, each reviewing department must contact the licensing officer indicating whether the license is approved or disapproved. If the license is disapproved, the reviewer should state the reason for disapproval.
7. If all departments approve, the license will be issued. Once all departments have approved of the location the licensing officer will give you approval paperwork to take with you to the City Secretary to receive the required TABC signature. If approved, the Licensing Officer will mail the applicant their license. [Payment of any remaining fees should be made prior to issuance of any license issued by the Licensing Officer.] If the license application is denied, the applicant will be informed of that fact and the reasons for the denial.

If a license is denied, applicant can appeal that denial to the Waco City Council by filing a written appeal with the City Secretary's Office on 1st floor in Waco City Hall or PO Box 2570, Waco, TX 76702 within ten days of receiving notice of the denial. The applicant must clearly state his reasons for believing that the denial was in error.

AS EACH CITY DEPARTMENT REVIEWS THE APPLICATION, THESE ARE SOME OF THE MATTERS THAT WILL BE CONSIDERED:

INSPECTION DEPT. -----Contact: Judy Quaas 254-750-5647 Kristan Mullins 254-750-5649

Determines whether location of operation is (1) properly zoned, (2) within 100 feet of property zoned R-1 or R-2, (3) within 300 feet of church, or (4) within 300 feet of public or private school or daycare center. Also determines if the proper number of parking spaces are available and that the following codes are being complied with: building, plumbing, electrical, mechanical, gas, and zoning codes. The inspector should determine the occupancy load of the establishment and give to the Applicant a notice of the limit, which must be posted on the premises. The inspector will check coin operated machines for current tax stamps. A criminal history check will be made on the Applicant and anyone else with an ownership interest in the establishment.

TRAFFIC DEPT. -----Department contact: Christine Miller 254-750-5969

Checks site for parking, ingress and egress problems. In particular, checks to see if traffic to and from bar will create problems in area, if any regulatory parking signs are needed, and if any sight obstructions exist or may be created. Also checks the number of parking spaces available both off the street on the property and on the street. POLICE DEPT.

Department contact: Sgt. Jared Wallace, SAFE Unit 254-750-3605

A record check will be made to determine if the area around the location of operation currently generates many calls for police assistance. If any type of TABC license has been issued for the specific location or for the specific applicant in the past, a check will be made for any problems, assistance calls, etc., generated. In some cases, the Police Department may not object to the issuance of the City alcoholic beverage license, but will file a protest against the granting of that license as provided for in the Texas Alcoholic Beverage Code.

FIRE DEPT. -----Department contact: Fire Marshal's Office 254-750-1740

Checks for any violation of fire codes and fire hazards.

WATER & TAX OFFICE -----Department contact: Charlotte Doran 254-299-2456

Will check to see if there are any delinquent city taxes, water accounts, or outstanding backflow device inspections in the applicant's name or at the location of the proposed operation. If outstanding fees are found, these will need to be paid in full before the license will be approved. If any backflow inspections are needed, the devices must be tested and paperwork sent to the Water Utilities Dept. before the application will be approved.

HEALTH -----Department contact: Environmental Health 254-750-5464

Checks for any violations of health codes, particularly the Food Handler's Manual. If food is to be served on the premises, a Food Establishment Permit must be obtained.

Persons who will be involved in handling food or beverages in any way must obtain a Food Handler's permit. Obtaining that permit requires completing a course offered through the Public Health District. To sign up for the course, the Environmental Health Unit at the Public Health District should be contacted.

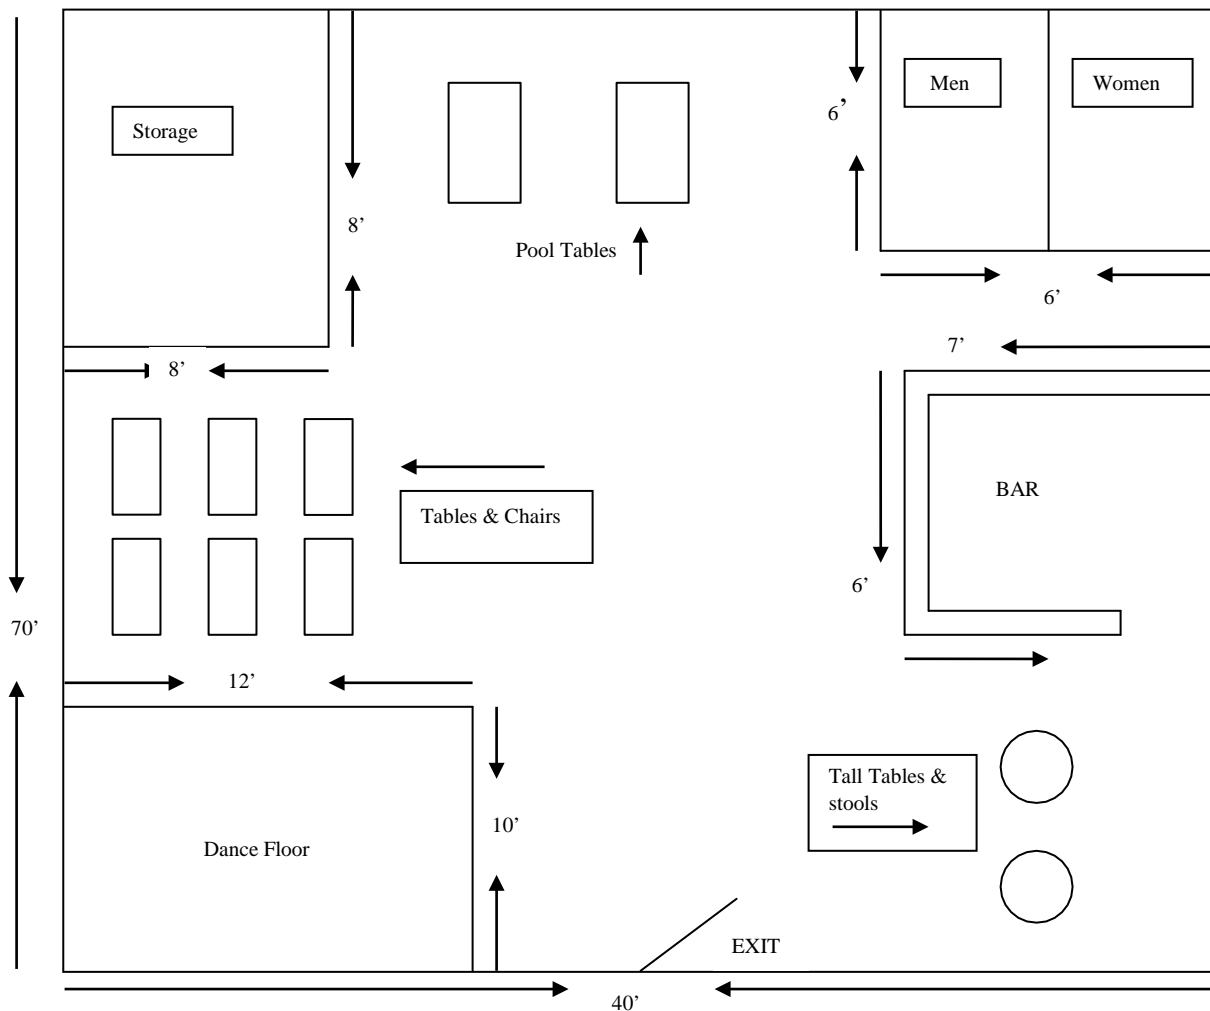

PLANNING DEPT. -----Department contact: Mark Boyd 254-750-5444

Checks area to assess impact of proposed operation. The land use plan as well as zoning classification, nearest TABC licenses, and street classification will be reviewed.

Before an occupancy load can be issued, a seating arrangement must be submitted to the City of Waco Inspection Department for review and approval. The following is a list of items that are necessary before an occupancy load sign is issued:

1. Complete existing floor plan drawn to scale
 - a. **If remodeling or planning to remodel, plans must be submitted and reviewed prior to obtaining an alcohol license.**
2. Floor plan must show the following:
 - a. building size and dimensions
 - b. exits and exit size
 - c. layout of bar and seating around bar, including number to be seated around bar.
 - d. layout of tables and seating around table, including number to be seated at table.
 - e. layout of all rooms, including storage, kitchen and toilet facilities, and dimensions.
 - f. layout of dance floor and dimensions.

“EXAMPLE ONLY”

ALCOHOL LICENSE APPLICATION

LICENSE(S) APPLYING FOR:**Alcoholic Beverage type:** Examples: retail dealer's license, mixed beverage license, etc.

The section below needs to be completed by the responsible party who would be served legal documents if the location was not in compliance. A background check will be performed on the listed individual. All information is required for this individual. Do not leave blank spaces.
