YOUR MONTHLY USAGE

Usage Comparison
See how your water consumption looks from month to month.

SPECIAL MESSAGE

Winter Quarter Averaging. Water consumption billed during November, December, January & February determines your max sewer charge for the following year (effective each year, on October 1). Instead of charging you a sewer rate for every gallon of water you use, the City of Waco uses what is known as Winter Averaging. This means that your sewer charges are capped, for the following year, by the average of your water consumption during the October-January winter months

Special Messages
