**WHEREAS**, the Waco Metropolitan Planning Organization was established to identify and support the implementation of regionally significant transportation projects to address future mobility needs of the Waco Region; and,

**WHEREAS**, the Waco Metropolitan Planning Organization Policy Board is composed of representatives appointed by the elected City Councils and Counties located within the jurisdiction of the MPO as well as the Texas Department of Transportation; and,

**WHEREAS**, the National Highway System (NHS) is a network of major roadways critical to the regional, statewide, and national movement of people and goods designated by the Federal Highway Administration (FHWA) in coordination with local officials,

**WHEREAS**, the Intermodal Connector system identifies the most direct access route between the NHS and major intermodal facilities, as defined by FHWA in Appendix D to Subpart A of 23 CFR 470, and the main NHS,

**WHEREAS**, the Texas Department of Transportation's (TxDOT's) Transportation Planning and Programming Division (TxDOT-TPP), in coordination with the Federal Highway Administration - Texas Division (FHWA Texas) has completed a comprehensive review of the NHS in Texas, including the Intermodal Connectors and main NHS, to produce recommended modifications to the system,

**WHEREAS**, TxDOT-TPP has developed these modifications in coordination with FHWA-Texas and the Waco Metropolitan Planning Organization staff and Waco MPO Technical Advisory Committee,

**WHEREAS**, the addition or removal of NHS designation from a roadway does not affect ownership or maintenance of the roadway,
