

Name: \_\_\_\_\_ Date: \_\_\_\_\_

Fossils are preserved plants and animals that died a long time ago. Greg is a fossil expert. He is called a paleontologist.

Paleontologists dig in a grid. They use the grid to give coordinates, which are letters and numbers that tell where something is.

Use the grid's coordinates to answer the questions.

1. Greg found a spearhead in (D, 4). Another spearhead is in (\_\_\_\_, \_\_\_\_).
2. Color the bison jawbone in (B, 1) red.
3. Greg is sitting in (\_\_\_\_, \_\_\_\_).
4. Draw a clay pot in (A, 3). Color it blue.
5. The bison skull is in (A, 3), (\_\_\_\_, \_\_\_\_), and (\_\_\_\_, \_\_\_\_).
