

## **SP 3.3-001 (2013)**

# **Standard Specifications for Construction City of Waco 2013 Special Provision Section 3.3 Hot-Mix Asphalt Concrete Pavement**

February 25, 2022

The Standard Specifications for Construction City of Waco 2013  
Section 3.3 Hot-Mix Asphalt Concrete Pavement  
Part 4: Measurement and Payment  
A. Measurement and Payment

is hereby deleted and replaced in its entirety as follows effective for all projects with bid opening date of June 1, 2022 and thereafter:

### **PART 4: MEASUREMENT AND PAYMENT**

#### **A. MEASUREMENT AND PAYMENT**

Hot-mix asphaltic concrete material shall be measured by the square yard or ton (2000 lbs.) complete in place of the type or types used in the completed and accepted work. Weight shall be determined by a certified scale approved by the Owner and recorded on serially numbered weight tickets, identifying the vehicle and presented to the Owner's representative on the job. Work performed and materials furnished as prescribed by this item and measures as specified in this item shall be paid for at the contract unit price bid, for the type or types of courses and mixtures as shown on the proposal, which price shall be payment in full for quarrying; furnishing all materials; for all heating; mixing; hauling; cleaning existing base course or pavement; placing asphaltic mixtures; rolling and finishing; and for all labor, tools, equipment and incidentals necessary to complete the work. Prime coat shall be paid in accordance with Section 2.5 Prime Coat and tack coat shall be paid in accordance with Section 3.2 Tack Coat.
