#### Please indicate when you need your container(s) and payment method.

Set Container:	Service & Return:	Pickup:	Dates container needed:	
----------------	-------------------	---------	-------------------------	--

Containers require a service at least every two weeks; we have the right to pick up the container at our discretion unless other arrangements have been made. If no arrangements for service or pick up have been made after two weeks, a \$75 penalty fee will be assessed. The responsible party must furnish drivers' license and/or proof that they have been approved to act as an agent, documentation of water account and/or complete application for credit prior to container being placed.

# Payment Options: Water Account Check Credit Card: Mastercard Visa Discover PLEASE DO NOT SEND CREDIT CARD INFORMATION VIA FAX OR E-MAIL

## FOR VERBAL CONFIRMATION OR TO SCHEDULE SERVICE OR PICKUP CALL (254) 299-2612

## **ROLL OFF SERVICE INFORMATION**

- **Location** The location selected for a container to be placed must be on firm and stable ground or surface, easy to get to without being obstructed by cars or debris and must be free from overhead obstructions. Do do not open back door to load material. The customer will be responsible for all damages done to the property (i.e.: grass, trees, shrubs, any utility lines/meters, sprinkler systems, asphalt/or other parking surfaces etc.)
- Loading Containers must not be loaded above the top of the container. If we are unable to service due to safety concerns, an extra service fee of \$105 will be added to your final bill. Any debris above the top will have to be removed to allow the container to be covered and to prevent spillage while in transit for disposal. We will only set a 20 cubic yard container for roofing and construction material unless approved prior. Dirt, sand, gravel, and concrete cannot be hauled in a roll off container due to weight restrictions. If you chose not to remove debris from the container there will be an additional charge of \$240 to come and pack or unload the container, so it can be hauled safely for disposal.7
- **Contents** Heavy items such as roofing and other construction materials may be restricted to filling containers to less than half full of capacity. All loads must be evenly distributed within the container. The Solid Waste Department will not be responsible for any debris that is deposited into the container after it has been set. ASBESTOS, CONCRETE, TIRES, PAINT, OILS AND OTHER HAZARDOUS WASTES ARE PROHIBITED. **VIOLATORS WILL BE FINED OR PROSECUTED**

All requests for service must be RECEIVED by the City of Waco by 1:00 p.m. to be serviced within 48 working hours.
