

SP 1.13-001 (2013)

Standard Specifications for Construction City of Waco 2013 Special Provision to Section 1.13 Vegetative Watering

February 24, 2022

The Standard Specifications for Construction City of Waco 2013
Section 1.13: Vegetative Watering

is hereby created as follows for all projects with bid opening date of June 1, 2022:

SECTION 1.13: VEGETATIVE WATERING

PART 1: GENERAL

A. DESCRIPTION

Vegetative watering shall consist of the authorized application of water on those portions of the projects as shown on the plans or as directed and as herein specified to provide and distribute water to promote growth of vegetation as directed.

B. SUBMITTALS

Not Applicable.

PART 2: PRODUCT

A. MATERIALS

The water shall be furnished by the Contractor and shall be sufficiently free from oil, acid, alkali salt, or other harmful materials that would inhibit the growth of vegetation. It shall be subject to the approval of the Engineer prior to use.

B. EQUIPMENT

Equipment shall be able to distribute water at a uniform and controllable rate.

PART 3: EXECUTION

A. CONSTRUCTION METHODS

Contractor shall apply water when directed and furnish and operate equipment to distribute water at a uniform and controllable rate. Ensure that watering does not erode soil or plantings. Apply water in the required quantity where shown on the plans or as directed.

PART 4: MEASUREMENT AND PAYMENT

A. MEASUREMENT AND PAYMENT

This Item will be measured by the 1,000 gallons as applied.

The work performed and materials furnished in accordance with this Item and measured will be paid for at the unit price bid for "Vegetative Watering."

This price is full compensation for furnishing and operating watering equipment and measuring devices and for furnishing and applying water, including hauling, equipment, labor, and incidentals.
