Waco-McLennan County Public Health District Announces

- **62 New Cases of COVID-19**
- **Two additional deaths due to COVID-19**
- **Next TWO days free testing locations**

(October 14, 2020) Sixty-two new cases of COVID-19 are confirmed as of today. The total number of cases to date is 9,187. There are 556 estimated active cases, and 8,500 estimated cases who have recovered. Sixty cases are hospitalized. Of the 60 hospitalized, 50 cases are McLennan County residents. Seventeen cases are on ventilators. Sadly, two additional deaths have been recorded due to COVID-19. There has been a total of 131 deaths in McLennan County.

#130 was a 66-year-old white female.

#131 was an 89-year-old Hispanic female.

As of October 13, 2020, the hospitalization rate is 9.24% for Trauma Service Area M, as calculated by Texas Department of State Health Services (DSHS).

Notes on the Hospitalization Rate:

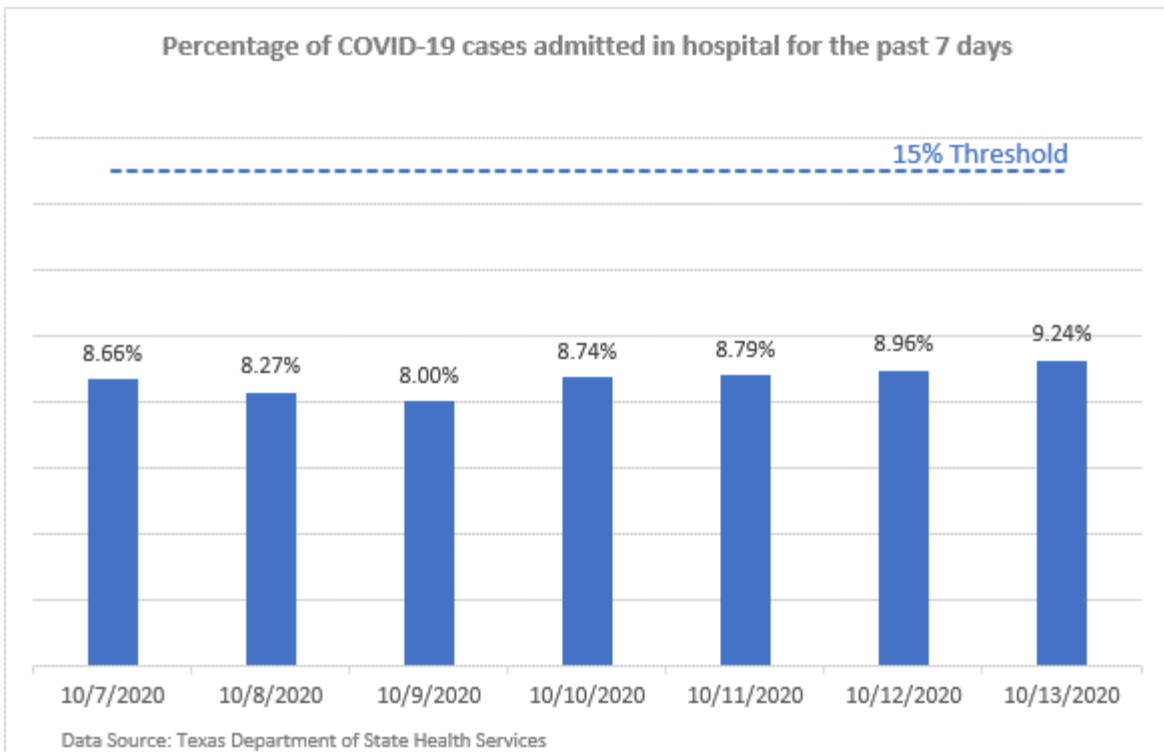

Trauma Service Area M includes Bosque, Falls, Hill, Limestone and McLennan Counties.

Executive Orders GA 30 and GA 31 define high hospitalizations as any Trauma Service Area that has had seven consecutive days in which the number of COVID-19 hospitalized patients as a percentage of all hospitalized patients exceeds 15%.

The formula for this metric is: Lab Confirmed COVID-19 Patients Currently in the Hospital divided by Total Hospitalizations.

- Lab Confirmed COVID-19 Patients Currently in the Hospital is the total number of patients in the hospital who have tested positive for COVID-19 by molecular test. This includes pediatric and adult COVID-19 patients.
- Total Hospitalizations is the number of patients receiving care in the hospital for any reason. This includes pediatric and adult hospital patients.

More information on GA-30 and GA-31 may be found at: <https://www.dshs.texas.gov/ga3031/>.
