Waco-McLennan County Public Health District Announces

- 56 New Cases of COVID-19
- One additional death due to COVID-19
- Next TWO days free testing locations

(October 15, 2020) Fifty-six new cases of COVID-19 are confirmed as of today. The total number of cases to date is 9,243. There are 526 estimated active cases, and 8,585 estimated cases who have recovered. Sixty-six cases are hospitalized. Of the 66 hospitalized, 54 cases are McLennan County residents. Sixteen cases are on ventilators. Sadly, one additional death has recorded due to COVID-19. There has been a total of 132 deaths in McLennan County.

#132 was an 87-year-old white male.

As of October 14, 2020, the hospitalization rate is 9.86% for Trauma Service Area M, as calculated by Texas Department of State Health Services (DSHS).

Notes on the Hospitalization Rate:

Trauma Service Area M includes Bosque, Falls, Hill, Limestone and McLennan Counties.

Executive Orders GA 32 defines high hospitalizations as any Trauma Service Area that has had seven consecutive days in which the number of COVID-19 hospitalized patients as a percentage of total hospital capacity exceeds 15 percent

The formula for this metric is: Lab Confirmed COVID-19 Patients Currently in the Hospital divided by Total Hospitalizations Capacity.

- Lab Confirmed COVID-19 Patients Currently in the Hospital is the total number of patients in the hospital who have tested positive for COVID-19 by molecular test. This includes pediatric and adult COVID-19 patients.
- Total Hospitalizations is the number of patients receiving care in the hospital for any reason. This includes pediatric and adult hospital patients.

More information on GA-32 may be found at: <https://www.dshs.texas.gov/ga3031/>.
