Correction of Error In City Publication

In an article in the November issue of the City of Waco's *City Limits* monthly newsletter, the date of the County, State and Federal election was erroneously printed as November 16th. Larry Holze, Director of Municipal Information and the Public Information Officer for the City said, "The article was included in the newsletter to help promote voter registration and turn out for early voting and on Election Day. It included a list of all polling places and dates for early voting but unfortunately somehow more than five sets of eyes missed the date of the election. We deeply regret this error and have taken steps to correct it and prevent future occurrences."

The on-line version was immediately corrected (see attached copy of corrected article removing the "1" to correctly show 11/6/18) and the City has taken numerous steps to correct the error by posting notices to all social media accounts, created a Public Service Announcement spot that is running >20 times a day on WCCC-TV, issued this press release and Waco Transit will now provide Free Rides on Election Day, November 6th to anyone who shows a voter registration card or an "I Voted" sticker.

The City of Waco deeply regrets this error in our monthly publication and wants our citizens to know that the public trust in what we do and the information we issue is extremely important to us and we are taking extra steps to prevent future errors from happening.
