As of November 24, 2020, the hospitalization rate is 16.45% for Trauma Service Area M, as calculated by Texas Department of State Health Services (DSHS).

Executive Order GA-32 allows restaurants and other venues to reopen at 75% capacity and allows elective surgeries if the hospitalization rate in a Trauma Service Area (TSA) with a COVID-19 hospitalizations rate is under 15% over a seven-day period. If the hospitalization rate goes over 15% for seven consecutive days, venue capacity will be lowered to 50% and elective surgeries will be postponed until further notice.
