## University Parks Dr. at Webster Avenue Will be Closed the Remaining of the Year

**WACO, TX (November 6, 2020)** – The ongoing Brazos Promenade project will close the intersection of University Parks Drive at Webster Avenue on Monday, November 9, 2020, weather permitting. The contractor will be installing a box culvert under the road as part of the ongoing sanitary sewer utility relocation/expansion project. The closure is expected to end January 2021.

There will be a signed detour route in place to direct motorists on University Parks Drive around the intersection closure via Clay Avenue, S 2<sup>nd</sup> Street and Mary Avenue or Jackson Avenue. However, it is recommended for motorists, who do not need to access a business along University Parks Drive, to follow the detour route onto Clay Avenue and then continue to S 4<sup>th</sup> Street. In the reverse, for those leaving downtown via University Parks Drive at IH-35, to take S 5<sup>th</sup> Street to Clay Avenue and on to University Parks Drive.

Safety is a top priority at City of Waco, when driving through a work zone, some simple steps to take are slow down, pay attention, avoid distractions such as cell phones, be patient and plan ahead.

*City of Waco appreciates the patience of motorists and encourages attention to all warning signs within the construction work zone while crews work diligently to complete this work as quickly and as safely as possible.*
