Anyone experiencing fever, cough and difficulty breathing should call or visit their healthcare provider's website first for screening. Ascension, Baylor Scott and White and the Family Health Center have on-line screening forms for COVID-19 and will accept new patients and people without insurance. Testing must be ordered by a physician. Testing is not done at the Public Health District.

Social Distancing is essential. The less time you spend with large groups of people the less likely you are to become infected. This is how we flatten the curve and help slow community spread.
