**Reduction of Water Usage No Longer Necessary for Waco Water Customers in Hwy 84 Corridor and West of Hewitt Dr. Area Tomorrow**

Waco, Texas (March 24, 2020) – The City of Waco is no longer requesting that customers, in the Highway 84 corridor and areas west of Hewitt Dr., reduce water usage as much as possible and stop all outdoor irrigation today.

Replacement of the leaking expansion joint inside the Ritchie Rd. Elevated Storage Facility is complete. The work began this morning and proceeded quickly, without unforeseen problems or delays. The tank has been returned to service ahead of schedule.

All water customers should remember that conservation of water is always important. Using water wisely helps to ensure an adequate supply is available for everyone. For water conservation tips and ideas, visit [www.wacowater.com](http://www.wacowater.com)
