## **Johnson & Johnson COVID-19 Vaccine Clinic Cancelled**

**WACO, TEXAS (April 13, 2021)** --- The Center for Disease Control (CDC) and Federal Drug Administration (FDA) have placed a pause on the use of the Johnson & Johnson COVID-19 vaccine while they investigate reports of **rare** adverse events. Due to this pause, the Waco-McLennan County Public Health District is cancelling the Johnson & Johnson COVID-19 Vaccine Clinics for today, April 13 and Wednesday, April 14. People with an appointment will be contacted to reschedule by text and/or email. Note: The April 15, 16 and 17 clinics will continue as planned with the Moderna vaccine. The Moderna and Pfizer vaccines are not part of the CDC & FDA's investigation.

Anyone who received the Johnson & Johnson vaccine and has experienced a severe headache, abdominal pain, leg pain, or shortness of breath within three weeks after their vaccination should contact their health care provider. Health Care Providers should report adverse events to the Vaccine Adverse Event Reporting System at <https://vaers.hhs.gov/reportevent.html>.

The Waco-McLennan County Public Health District is committed to the safety of our community and will continue to provide the latest information on COVID-19 vaccines.
