## 2018 Waco Water Quality Report Now Available

Waco, Texas (June 24, 2019) – The City of Waco has released its 2018 Water Quality Report. The report is available online at: [www.WacoWaterQuality.com](http://www.WacoWaterQuality.com)

The report is also available at City Hall, the Water Office (425 Franklin Ave.), the Waco-McLennan County Library, or water customers may request a printed copy of the report by calling 299-CITY (2489).

The Water Quality Report, also known as a Consumer Confidence Report, is published annually and made available to all customers receiving water service from the city. The report lists any contaminants found in the drinking water, as well as disinfectant levels throughout the previous year (2018).

Water Quality Reports, or Consumer Confidence Reports, are mandated by 1996 amendments to the *Safe Water Act*. All public water suppliers that serve the same people year round (community water systems) are required to provide consumer confidence reports (CCR) to their customers annually.
