

Waco-McLennan County Public Health District COVID-19

UPDATE AS OF July 10, 2020 at 3:00 pm.

143 New Cases of COVID-19 have been confirmed as of this update.

The Total Number of Cases to Date is 2442.

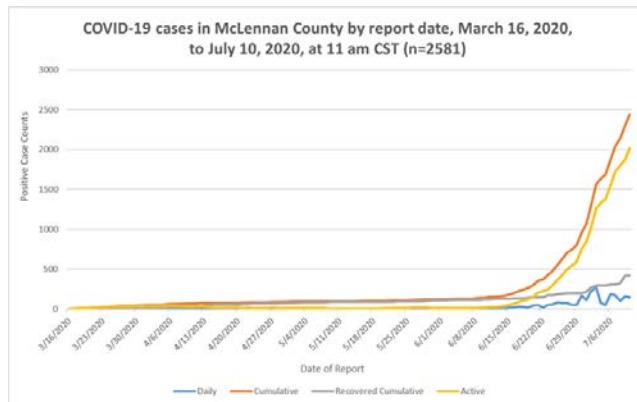

There are 2014 active cases.

413 cases have recovered.

(July 10, 2020) The Waco-McLennan County Public Health District has confirmed 143 new cases of COVID-19. The total number of cases is 2442, which includes 413 recovered, 15 deaths, and 2014 active cases. Due to a clerical error in the sharing of data from the Family Health Center that occurred Wednesday, July 8, 2020, the total and active case numbers released today reflect a lower number of cases than were first reported on Wednesday. The original daily case count for 7-8-20 was reported as 239. The corrected case count is 100.

Individuals who have been told they tested negative for COVID-19 can be assured the test results are correct. Due to the clerical error some individuals may have been contacted by the health department for contact tracing. We are contacting those individuals to apologize and assure them the initial negative results which they had already received from their healthcare provider were correct.

- 51 cases are hospitalized
 - Of the 51 hospitalized, 43 cases are McLennan County residents. This information is being provided to inform residents about the use of local hospital resources.
