**City of Waco Welcomes Public Input
From Area Residents and Businesses About Proposed
Landfill Sites**

Waco, Texas (July 29, 2018)

The City of Waco considers the residents of eastern McLennan County as its neighbors. Recent evidence of this is that Waco has offered some of its water (up to 2 million gallons each day) to help resolve the area's arsenic issue in its water supply. Likewise, our goal will be to work with elected officials and residents of the area near the intersection of State Highway 31 and TK Parkway throughout this process.
