FLOWER PETAL SUNCATCHER

YOU'LL NEED:

- Paper plate
- Transparent contact paper
- Flowers and leaves
- Scissors
- Hole puncher
- A piece of string or yarn

INSTRUCTIONS:

1. Start by cutting the center out of a paper plate.
2. Cut two circles out of contact paper. Make sure both circles are slightly larger than the hole on the paper plate.
3. Stick one of the contact paper circles to the bottom of the plate (sticky side up).
4. Add flowers and leaves to the sticky side of the contact paper.
5. Place the other contact paper circle on top of your design (both sticky sides should touch).
6. Punch a hole at the top of the paper plate.
7. Pull the string through the hole, and tie in a knot.
8. Hang your new suncatcher in a window, and enjoy!

TIPS:

- Use markers or crayons to decorate the blank space on both sides of the paper plate for a more personalized art piece.
