LEARN LETTERS WITH SPRINKLES

YOU'LL NEED:

- Small, low-rimmed tray
- Sprinkles
- Paint brush
- Index cards
- Marker

INSTRUCTIONS:

1. Start by pouring some sprinkles into a small tray
2. Use a marker to write the letters of the alphabet on individual index cards (to create flash cards)
3. Give your child a paint brush, and ask them to draw the letters they see displayed on the flash cards (they can also use their fingers to draw, if a paint brush is not available)

TIPS:

- This activity also works great for shapes, numbers, sight words and math facts
- Sprinkles can be substituted for any number of items, including: rice, shaving cream, sand, glitter, sugar, flour, etc. Get creative, and use whatever you have available!
