PAPER CHAIN CATERPILLAR

YOU'LL NEED:

- Construction paper
- Scissors
- Scotch tape or glue
- Black marker and wiggly eyes (optional)

INSTRUCTIONS:

- Cut 15 strips of paper into 1 inch wide by 10 inches long pieces
- Bend your first strip into a ring and tape or glue it together
- Slide your next strip through the first ring and tape/glue it into a ring
- Repeat the process until you have a long chain of paper rings
- Cut your final strip into a 2 inch wide by 10 inch long piece. This will be the head (it needs to be a bit wider, to fit the face on).
- Slide the head strip through the last ring on your chain and make it into a ring
- **Antennas:** Cut two, 1/4 inch by 5 inch pieces of paper. Wrap each around a pencil to make it curly. Fold a tab at the bottom of each piece. Glue tabs onto the top of the head to form two antennae.
- **Eyes:** Glue wiggly eyes onto the front of the head or draw two eyes using a marker.
- **Mouth:** Draw a mouth onto the head with a marker
