PIPE CLEANER FINGER PUPPETS

YOU'LL NEED:

- Pipe cleaners
- Pom-poms (about 1/2" to 3/4" in diameter)
- Small googly eyes
- Glue gun

INSTRUCTIONS:

1. Start by wrapping a pipe cleaner around your finger 3-4 times, leaving half of the pipe cleaner unwrapped
2. Take the remaining end of the pipe cleaner and bend it into two small loops to form the puppet's ears
3. Use a glue gun to glue two googly eyes onto a pom pom ball to make the puppet's face
4. Place a dab of glue on the back of the pom pom, and stick it to the pipe cleaner (at the base of the ears)
5. Your puppet is now ready to play! Repeat the steps above with all your favourite colors to create a puppet for each finger
