Big project? Lots of debris?

Put your trash in a roll-off container!

Available from City of Waco Solid Waste Services

Save Time

We'll drop it off and pick it up once you've filled it. So don't waste time hauling your own trash.

Save Money

Our rates are great - shop around and see for yourself.

Save Hassle

Roll-off containers hold a huge amount of trash. When it's full just call for a "pull" and we'll empty it and bring it right back.

It's for Everyone

Any residential customer, business, or other entity in the Waco city limits can use roll-off container services (see space requirements in the Rental Tips section inside)

About Roll-Off Containers

Use

Roll-off containers are large, open top, rectangular containers for holding construction debris, brush, and other non-food waste.

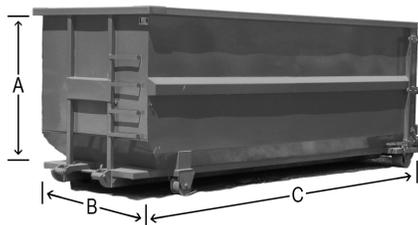

Fees are based on size of container and frequency of service.

Roll-off containers can be used for both residential and commercial projects. Such projects can consist of home remodeling, neighborhood cleanup, landscaping, move-in or out, spring cleaning, and residential demolition. They also can be used by commercial businesses for office remodeling, store builds, commercial demolition and other construction projects.

Sizes

Size	A	B	C	Pick-up Truck Loads
10 CY	3'	8'	12'	5
13 CY	4'	8'	12'	6
20 CY	5'	8'	16.5'	10
30 CY	5'	8'	22'	15
40 CY	8'	8'	22'	20

(CY = Cubic Yards)

Service

The City of Waco Solid Waste Services offers solid waste and recycling services for businesses and residents in Waco. A variety of services are offered and options are available to fit your needs and budget.

Solid Waste Services will provide roll-off container service to residential customers, businesses, or other entities within the Waco city limits.

Roll-off containers are great because you can fit large amounts of debris into them and they can be efficiently hauled back and forth to the landfill from your location.

You can also order "pulls", which means that once your roll-off container is full you call us and we will take it to the landfill and bring it back to your site. Ordering pulls is much more cost effective than ordering multiple containers and you will save space by keeping only one container on-site.

Finish Clean - Use a roll-off container!

Rental Tips & Requirements

- ◆ Release of Liability is required.
- ◆ Fees are applicable.
- ◆ Roll-Off trucks must have 50 feet of straight clear access to approach and engage the container.
- ◆ All container locations must have minimum height clearance of 25 feet.
- ◆ Roll-off containers cannot be placed on city streets or private yards.
- ◆ Please do not dispose of food, hazardous waste, paint (except completely dried latex paint cans; no liquids), aerosol cans, propane tanks, motor oils, tires, batteries, computers, monitors, televisions, microwaves, fluorescent tubes, medical waste, asbestos, dead animals, and all liquids.
- ◆ It is the customer's responsibility to provide an accessible location for the container.
- ◆ Customers will assume responsibility for damage to the property or loss of the rental container(s).
